Ansøgere skal være opmærksomme på, at der også skal indsendes en komplet online ansøgning til Harvard Kennedy School inden skolens deadline mandag d. 3. december 2018, hvis man udvælges til at modtage legatet. Vi vil herfra være behjælpelige med denne proces.

5. Originaler eller attesterede kopier* af eksamensbevis(er) og karakterudskrift(er) fra videregående uddannelse på engelsk (ikke gymnasial uddannelse). Make sure you pay attention to these questions:

- How your background has led you to apply to Harvard Kennedy School;
- How you have engaged in public service;
- How you have demonstrated your capacity as a leader;

Careful analysis and opinion of the student's ability as a scholar, capacity for independent study and research, seriousness of purpose, character, and adaptability are desired by the selection board. Since the aim of the program is to foster international understanding, an endeavor will be made to select applicants who are well qualified to represent their country abroad. These personal qualifications in an applicant will be considered in addition to proposed study and research plans.

Please consider these guidelines from Harvard Kennedy School to the student:

You are required to submit three recommendations from individuals who know you and your work. Recommendations provide an opportunity for the committees to review additional information on your abilities in an academic and/or work setting. Only three recommendations are accepted.

If you are still in college or have been working for less than two years or you are applying to the pre-doctoral program, at least two recommendations should be obtained from university faculty (one from your departmental major). The third may be from an immediate supervisor in a work setting or internship.

Consider also these guidelines from Harvard Kennedy School to the recommender:

Please submit a **one page** letter about the candidate, describing deficiencies as well as merits. We are interested in admitting students of outstanding intellectual promise and sufficient preparation to participate successfully in the school's program.

1. How long have you known the applicant and in what capacity?
2. What are the applicant's strengths?
3. Describe an activity or program in which the applicant was involved that illustrates his or her special abilities, and/or leadership skills or potential.
4. What do you consider to be the applicant's weaknesses?
5. What do you feel would be the applicant's greatest difficulty in an intensive graduate professional course of study? This would be an area where the applicant ought to receive additional preparation if admitted.
6. Make any additional comments about the applicant's potential or personal qualities which you feel would be helpful to the Admissions Committee. We are especially interested in anything you might add that would not otherwise be apparent in the candidate's record, i.e., evidence of character, values, a point of interest or concern about which the applicant is particularly enthusiastic, and any special talent or quality he or she possesses. For a Mid-Career applicant, comment on his/her potential career path and your projection of his/her future success.
