Name:	DKK:	USD:	Applied or Will Apply:	Expected date of notification:
Expected total amount:	**DKK:**		**USD:**	

Please use the following space to explain your budget if needed:

Instructions:

If you have questions about this form, please contact Fulbright Denmark.

General:

- Make your budget as realistic as possible. Check university resources and consider websites such as numbeo.com to calculate living expenses.
- Degree-seeking students, students on the coasts, and students travelling with families should be prepared for more expenses. Read our advice on financing here.
- Estimate the total cost for your potential grant period. Only write expenses directly related to the time frame you are applying for (max. one academic year).
- Fill in all fields that are applicable. Write N/A if not applicable.
- Include all amounts in both DKK and USD.
- Use the exchange rate marked on the front page of the form. We are aware that the current exchange rate may be different, and we will take that into consideration when reviewing the application.
- Round up expenses and income to the nearest 10 (ex. $2476 → $2480).

Expenses:

- If you are applying for several universities, write the expenses related to your first priority.
- Keep in mind that Fulbright will not consider loans, rent, costs etc. in your home country while you are away.
- The grant does not cover expenses regarding accompanying family, therefore do not include this. However, we understand that you will need a larger place to live if travelling with family, and thus have higher expenses for rent.
- Living costs (room and board) should reflect a "modest, but livable" rate.

Income:

- Do not include grants/scholarships you have not received under "Income". Use the box under "Grants and scholarships not yet received" instead.
